Long-term care insurance is not for everyone as determined by the NAIC income and asset test criteria.

Long-term care insurance may not cover all of the costs associated with long-term care. You are advised to review your contract carefully. The contract has exclusions, limitations, reductions in benefits and terms under which the contract may be continued in force or discontinued. Contract provisions and maximum monthly benefits may vary by state.

For costs and complete details of coverage, contact your licensed insurance agent/producer.

Thrivent Long-Term Care Insurance is guaranteed renewable for life. It will terminate if you die, you cancel the contract, the available benefit reaches zero, or you do not pay premiums as required. If a premium is not paid by the date it is due, the contract will remain in force during a grace period of 60 days. A notice will be given to you if a premium is not paid after 30 days. The contract will terminate 31 days after a notice is given if a premium is not paid. Notice will be deemed to have been given as of five days after the date we mail it.

A long-term care insurance application would be required for coverage to be considered. Your actual premium and benefits will be determined based on both the information you submit in the application and the completion of our underwriting process. Thrivent does not guarantee that it will issue a long-term care insurance contract for all applicants.

Premiums may differ from the amount on your application due to any applicable discounts. Premiums may vary based on benefits selected and age. You may choose to pay your premium annually, semiannually, quarterly, monthly or via another available premium option. Please note that the more often you pay, the higher your total annual premium may be. All premium amounts are subject to underwriting approval. The schedule of your contract will reflect your actual premium.

All applications are subject to the underwriting requirements of Thrivent. A medical exam may be required.

Premiums are not guaranteed to remain unchanged, except during the first five contract years; however, in the state of Florida, premiums may change for the contract but not more frequently than once a year. Any changes to premium rates will apply to all similar contracts issued in your state to contract owners in the same class on the same contract form. This means you cannot be singled out for an increase because of advancing age, changes in your health, claim status or any other reason solely related to you.

Thrivent Long-Term Care Insurance does not cover services: 1) Outside of the United States, its territories and possessions, except as provided in the international care benefit. 2) Necessary due to an attempt at suicide, while sane or insane, or an intentionally self-inflicted injury. 3) Provided for the treatment of alcoholism or drug addiction. 4) For care or services provided by an immediate family member unless: a) He or she is a regular employee of a facility or agency that is providing the treatment, services or care; b) The facility or agency receives the payment for the treatment, service or care and he or she receives no compensation other than the normal compensation for employees in his or her job category; and c) He or she has no ownership or financial interest in the facility or agency providing the treatment, services or care. An immediate family member means your spouse or partner and anyone who is related to you, your spouse or partner by blood, adoption or marriage (including step-relatives) as a parent, grandparent, child, grandchild, brother, sister, aunt, uncle, nephew or niece. As used in this provision, "partner" means a state-recognized partner or a person who is in a committed relationship with you, has been living with you for at least three consecutive years and is committed to sharing expenses with you. 5) For which benefits are payable under any governmental program (except Medicaid), state or federal workers' compensation, employer's liability or occupational disease law.

This is a solicitation for insurance. A licensed insurance agent/producer may contact you.
