Understanding **Your** Medicare Supplement.

What it covers:

Medicare Part A - Hospital Insurance

Part A coverage includes hospital inpatient care and recovery care in skilled nursing facilities, hospice and home health care services.

Medicare Part B – Medical Insurance

Part B helps cover some medically necessary services from doctors and other health care providers plus preventative services.

What it does not cover:

Medicare was not designed to cover all your doctor and hospital bills. You are required to pay for a portion of those bills in which Medicare does not pay, including:

- Medicare Part A hospital benefit-period deductible and coinsurance
- Medicare Part B medical annual deductible, generally 20% coinsurance and those charges exceeding the Medicare eligible expense
- Skilled nursing facility coinsurance

These bills can be paid for by yourself or through the Medicare supplement policy that you purchase.

Medicare Supplements, A **Clear** Value.

No provider restrictions

You are not restricted to use a network of healthcare providers. Any healthcare provider who accepts Medicare patients accepts Medicare supplement insurance. If you move, your coverage goes with you.

You can go directly to the physician and specialist you chose, meaning you do not need any referrals or pre-approvals.

Instant coverage

There is no waiting period for preexisting conditions and benefits are paid from the time your policy is in force.

Low out of pocket costs

Your Medicare supplement and Medicare Parts A and B work together minimize your share of health care costs. With this additional insurance coverage, even unexpected medical events aren't likely to impact your financial health.

Guaranteed renewable

Your Medicare supplement insurance policy renews as long as you pay the premiums on time and make no material misrepresentations.

Lumico offers Medicare Supplement plans A, F, G and N - all with varying amounts of coverage. These standardized plans are created to fit various lifestyles, budgets and needs.
