Introducing Home Care Secure

Available as part of membership in the Aging at Home Association.

Home — It's Where You Want to Be.

If you're like most, you want to live in your own home for the rest of your life.

But are you prepared to do so?

Nearly 2/3 of Americans over the age of 65 will need help at some point to live at home. The costs can be significant – nearly \$50,000 on average* – which Medicare does not pay for.

And if this help is not well planned or delivered, the risk of falls and injury can increase, which can result in a move from a cherished home to a nursing home.

That's why our membership is designed to give you insurance coverage AND a plan.

Coverage with Home Care Secure Means:

You'll Have a Plan

Assessments – to measure your well-being over time

Tools and Guidance – to create an informed plan for aging at home

You'll Have Support

Coordination Services – to help you find, schedule and manage your care team

Access – to medical care with free in-home telehealth visits

You'll Have More Financial Resources

Cash – insurance benefits to help pay for home care products and services not covered by Medicare

Peace of Mind – with affordable lifetime benefits from \$20,000- \$60,000

How it Works

A Real World Example*

Meet Carol

Carol joined the Aging at Home Association at age 60 with a **\$50,000 Home Care Secure** benefit.

Membership gave her **access to tools and resources** to help her create and manage her plan to age at home. Plus discounts and services which helped her **save time and money**—including **free telehealth visits**.

She maintained a healthy lifestyle but unfortunately **she suffered a fall** at age 85 which left her unable to walk or dress without assistance.

Carol's **Home Care Secure** coverage paid her **\$1,000/week** for 50 weeks to help pay for home care and other services.

A **trained care coordinator helped Carol and her family** find a home care provider, solve a medical bill issue, book appointments, and arrange for meals to be delivered.

With **\$50,000 in benefits**, Carol had the support she needed to age in the place she calls home.
