The Medicare Market is Huge & Growing Rapidly

- The “Aging of America”

- Nearly 11,000 people turn 65 **every day**
 - Roughly another 1000 who worked beyond age 65 retire & become eligible for Medicare **every day**
 - 500 more become eligible for Medicare via disability **every day**
- Roughly 12,500 new Medicare recipients each & every day!**
(21,000 per day by 2030)

- Employer-sponsored Medicare coverage is declining

- Many Employers/Companies just can't afford to pay for full health & drug coverage to their retirees
 - Instead, companies often contribute a flat monthly amount month that retirees can use to purchase private Medicare & drug coverage.

In 2010 nearly 1 out of 8 Americans were 65+ (1 in 7.75)

By 2030 nearly 1 out of 4 Americans will be 65+ (1 in 4.4)

Medicare Selling Opportunities

- **Aging In** When a client is turning 65
- **Retirement** When a client has worked beyond the age of 65 and retires creating a special open enrollment period
- **Med Supp Shopping All-year** When a client simply wants to compare the premium cost of their current Med Supp plan or carrier.
(I will show you how to do this)
- **AEP** Annual Enrollment Period that runs from October 15th to December 7th. This is for Medicare Advantage plans and Part D prescription drug plans. It's the time of year when all Medicare recipients are out shopping for new plan options for their Health & Part D plans for the following year.
- **OEP** New in 2019, this is the period between January 1st and March 31st when a Medicare beneficiaries who enrolled in a Medicare Advantage plan during AEP can change to a different Medicare Advantage plan or return to Original Medicare.

Know & Understand Medicare

What is Medicare?

- A social insurance program established by Congress in 1965
- Administered by a government agency called the Centers for Medicare and Medicaid Services (CMS)
- Provides health coverage to over 60 million people
 - Age 65 or older
 - Under age 65 with certain disabilities
 - Any age that has End-Stage Renal Disease (ERSD)
 - People who have Lou Gehrig's disease (ALS)

Original Medicare Coverage

Original Medicare has two parts:

- Part A — Hospital Insurance
- Part B — Medical Insurance

NOTE: Most Medicare beneficiaries have both Parts A and B coverage.
(Explain Part B Penalty)

(Part C): Medicare Advantage

- A Medicare Advantage plan is a type of Medicare health plan offered by a private insurance company that contracts with Medicare to provide you with all your Part A & Part B benefits.
- These plans are annual contracts and may change benefits, increase premiums, and increase copayments at the end of each year.
- Most, but not all offer (Part D) prescription drug coverage.
- Out of pocket costs can vary by plan.
- Must use participating providers who belong to the plan or network, PPO's HMO's etc.
- The plans can include Dental, Vision, Hearing & Gym memberships

Part D: Prescription Drug Coverage

- Helps cover the cost of prescription drugs
- Run by Medicare-approved private insurance companies that are subsidized by the government
- Plans may vary substantially, covering different drugs, charging their own premiums and co-pays

Know & Understand Medicare

- Medicare was NOT designed to cover everything.
- With Medicare **Parts A and B**, you must pay deductibles, co-payments, and co-insurance.
- You can enroll in a Medicare Supplement or a Medicare Advantage Plan (Part C) to cover these costs.
- You also need to obtain Part D prescription drug coverage.

Know & Understand Medicare

- Get AHIP Certified

Note: Various carriers offer discounts for completing AHIP through their secure portals.

Know & Understand Medicare Supplemental Products & Plans

Two options for additional health coverage:

1. ***Medicare Supplements***

(Also called Original Medigap)

2. ***Medicare Advantage Plans***

(Also called Part C of Medicare)

Note that either Health Coverage choice requires a client to add a Part D prescription drug plan

Medicare Supplement

Medicare Supplement

- A health insurance policy sold by private insurance companies to fill “gaps” in Original Medicare Plan coverage
- Regulated by CMS (Medicare) & Standardized
- The front of the policy must clearly identify it as “Medicare Supplement Insurance” and the “plan letter A – N”
(MN, WI and MA have their own plans)
- Widely Accepted by Providers and no referral is needed.
- Guaranteed Renewable
- Products only vary in premium rates, value added services, reputation, brand value.
- Standardized means that that Plan G is Plan G no matter which carrier you choose.

⁴ - Plans vary in MA, MN and WI.

* - Plans F and G also offers a high-deductible plan. If your client chooses this option, it means they must pay for Medicare-covered costs up to the deductible amount of \$2,490 in 2022 before their Medigap plan pays anything.

** - After clients meet their out-of-pocket yearly limit and their yearly Part B deductible, the Medigap plan pays 100% of covered services for the remainder of the calendar year.

*** - Plan N pays 100% of the Part B coinsurance, except for a copayment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that don't result in inpatient admission.

5 Reasons to Choose a Medicare Supplement

- No Networks, No referrals needed. Accepted by Any Doctor, Anywhere in the U.S. that accepts Medicare
- Little to NO out-of-pocket costs or co-pays
- Coverage is Guaranteed Renewable & you cannot be dropped
- Portability: Your coverage goes with you, no service area
- Plan N and High-deductible Plan F emerging as lower-cost alternative to compete with Medicare Advantage plans
